

## **GVK EMRI Kicks Off Mother and Child Tracking Facilitation Center**

*Centre to track data on pregnant women and newborn children  
Union Minister for Health and Family Welfare inaugurates project*

**New Delhi February 1, 2014:** A “Mother and Child Tracking Facilitation Center” was inaugurated in Delhi by the Honourable Union Minister of Health & Family Welfare Sri. Ghulam Nabi Azad in the presence of GVK EMRI CEO Mr. Subodh Satyawadi and Managing Director National Rural Health Mission, Ms. Anuradha Gupta. This is one of the noblest projects in the country that tracks the health of pregnant women and newborns.

The centre would validate the data records of all the states in India maintained by the regional ‘Mother and Child Tracking Systems’ (MCTS) about the pregnant women and new born children, along with the records of ASHA and ANM Health Workers enrolled so far.

This project is aimed at benefitting the pregnant women and newborns immensely wherein the pregnant women’s care records and also the newborns immunization/vaccination status are validated and feedback from the beneficiaries is documented. The beneficiaries have the opportunity to share their experiences and also suggestions for improvements if any.

This project is also aimed at auditing the efficiencies of the various projects/schemes initiated by the Union Government regarding the pregnant woman and child across the various states in the country like the JSY & JSSK etc. It provides firsthand information of the implementation status and also the improvement areas.

The Facilitation Center is situated in the National Institute of Health & Family Welfare campus and it has capacity of 80 technicians. The leadership and technology is provided by GVK EMRI.

**About GVK EMRI** - GVK Emergency Management and Research Institute (EMRI) was incepted with the objective of delivering comprehensive, speedy, reliable and quality Emergency Care Services, especially in areas wherein medical services are not available easily. The company revolutionized the concept of Emergency Care Services in India, by establishing an Emergency Response System that coordinates every emergency through a single toll free number 1-0-8. The number when called in an emergency ensures prompt communication and activation of a response that includes assessment of the emergency, dispatch of the ambulances along with a well-trained Emergency Medical Technician to render quality pre-hospital care and transport of the patient to the appropriate health care facility. The system has also put in place the strategic principle of “right patient to the right hospital in the shortest possible time”, all built on a high end technology platform. The service currently operates across 14 states and 2 union territories catering to about 750 million people across the country and saves lacks of lives.

**About GVK** - GVK is a leading Indian conglomerate with presence across energy, resources, airports, transportation, hospitality and life sciences sectors. GVK set up India’s first independent power plant and has around 6000 MW projects under generation and development. It is the first company in India to develop six-lane road project under PPP model and has around 3000 lane km expressway projects under operations and development. As one of India’s largest private sector airport operators, GVK handles 44 mppa through India’s first brownfield airport under PPP model - Chhatrapati Shivaji International Airport, Mumbai and Kempegowda International Airport, Bengaluru and will develop two airports in Indonesia. Having already invested over USD 4.3 billion, GVK has projects worth over another USD 6.6 billion in the pipeline, in India. It has acquired Australian Coal Mines in Queensland with 8 bt reserves for USD 1.26 billion and envisages an investment of USD 10 billion to for setting up mines, 500 km rail project and a 60 mtpa port project which will form one of the world’s largest integrated coal mining operations.
