LIFE SCIENCES

Author of India's largest overseas Greenfield investment of US \$ 10 billion in an integrated mine, rail and port project in Queensland, Australia.

Steward of India's largest non-profit emergency service organization GVK EMRI with over 20,000 employees.

Pioneer in setting up projects in Airport, Roads and Power sectors under 'Public Private Partnership' model in India.

The GVK story is replete with dynamism.

With interests in Energy, Resources, Airports, Transportation, Realty, Hospitality and Life Sciences.

GVK's diversified businesses form a multi-pronged effort to keep the nation abreast in the world arena.

From setting up India's first independent power plant and building the first privately operated six-lane expressway road project, to developing and operating two of the busiest airports in the country and also creating landmarks in hospitality and urban infrastructure, GVK's 7000 strong workforce rises to every challenge - and is committed to a standard of excellence that will create an enviable position for our country in the global map.

ENERGY

Energy is one of the most critical component of infrastructure development that affects economic growth and well-being of nations. The existence and rapid development of adequate infrastructure is essential for sustained growth of the Indian economy. GVK with its efficient power plants and backward integration is committed towards contributing its share to the country's energy bank.

GVK set up India's first independent power plant and expanded itself to a slew of dual fuel (Gas/Naphtha), coal based and hydro power projects. GVK has initiated several power projects across the country, with a cumulative capacity of about 5000 MW.

Projects under operation

- 437 MW Jegurupadu Combined Cycle Power Plant (Phase: 1&2), Andhra Pradesh
- 464 MW Gautami Power Project, Andhra Pradesh

Projects under development

- 800 MW Jegurupadu Phase 3
- 800 MW Gautami Phase 2
- 370 MW Goriganga Hydro Power Project, Uttarakhand
- 330 MW Alaknanda, Shrinagar Hydro Power Project, Uttarakhand
- 850 MW GVK Ratle Hydro Electric Project, Jammu & Kashmir
- 540 MW Goindwal Sahib Thermal Power Project, Punjab
- 2x660 MW Coal based Thermal Power Project, Punjab

RESOURCES

Owning up of natural resources that are key to successful power generation is a positive step, in strengthening the core business of Energy and ensuring fuel security.

Coal

Australia

GVK has acquired a strategic equity stake in Alpha Coal, Kevins Corner and Alpha West Coal projects located in Queensland, Australia from Hancock Coal Pty. Ltd. with total resources of about 8 billion tonnes and a capacity of more than 80 million tonnes per annum. When combined, these projects will create one of the largest thermal coal mining operations in the world. GVK has also acquired 100% stake in the proposed 500 km rail line and a 75 million tonnes per annum port as part of the 'pit-to-port' logistics solution.

India - Tokisud and Seregarha

Tokisud and Seregarha captive coal mining operations in Jharkhand are a strategic backward integration move supporting GVK's coal fired power projects in India.

Oil and Gas

GVK in partnership with BHP Billiton, one of the world's largest diversified natural resource companies, has been awarded 7 exploration blocks of about 35,000 sq km off the west coast of India.

AIRPORTS

GVK made its foray into the aviation sector when it bagged the mandate to operate, manage and develop Chhatrapati Shivaji International Airport (CSIA) in Mumbai. Mumbai International Airport Limited (MIAL) is currently implementing a master plan that has been designed to have an integrated passenger terminal at Sahar by 2013, to cater to passenger traffic of 40 million per annum. MIAL's Vision is to transform CSIA into one of the world's best airports that consistently delights customers and be the pride of Mumbai.

GVK further increased its presence in the airports sector with the acquisition of 43% stake in Bengaluru International Airport, which is in line with GVK's strategic objective of expanding into airport business.

GVK handles a total traffic of 44 million passengers per annum, making it India's largest private sector airport operator.

The Successful MIAL and BIAL ventures have earned GVK group international recognition. The Indonesian Government has invited GVK to develop two new Greenfield airports in North Bali and Yogyakarta. GVK has already completed the feasibility analysis for both the airports and the process of preparing the master plan will begin shortly.

TRANSPORTATION

Transportation has always been viewed as one of the key enablers to the country's development and GVK has set off at an accelerated pace in this segment. The Jaipur – Kishangarh Expressway, six-lane BOT project, has received international accolades for quality and timely execution. Completed 6 months ahead of its schedule, the Expressway handles over 24000 vehicles a day with a yearly traffic of 8.7 million vehicles.

■ Roads

Under operation

Jaipur - Kishangarh Expressway (90.4 km), Rajasthan

Projects under development

Deoli - Kota Expressway (165 km), Rajasthan

Bagodara - Vasad Expressway (101 km), Gujarat

Shivpuri - Dewas section of NH3 (332 km), Madhya Pradesh

■ Ports

GVK has signed a Memorandum of Understanding with the Government of Gujarat to develop a Greenfield port at Okhamadi, Gujarat.

REALTY

Cities and metros will be key drivers for the years to come and will play a major role in growth and employment. Urban infrastructure development thus gains major thrust and focus for a sustainable economy.

GVK with its experience in construction and infrastructure has evolved to take on the challenges in the realty sector. GVK, with its 20 million sq ft Mumbai's Skycity and Bengaluru's Airport City is preparing to cater to the needs of the future. GVK launched GVK One, a mega retail destination spread over 7,00,000 sq ft in Hyderabad.

GVK entered into collaboration with Tamil Nadu Industrial Development Corporation Limited (TIDCO), to develop a multi-product Special Economic Zone (SEZ) in Perambalur district. The SEZ spread over an area of 3,000 acre will cater to a range of industries.

- GVK One – Mall, Hyderabad
- GVK – Skycity, Mumbai
- GVK – Airport City, Bengaluru
- GVK – Industrial Park, Perambalur, Tamil Nadu

HOSPITALITY

With any growing economy, business travel, lifestyle changes and increase in disposable incomes are going to be on the rise. One of the key forces that will act as a catalyst towards pushing this trend forward will be the hospitality sector.

GVK's presence in hospitality across India gives it a national outlook as a premium hospitality leader in Hyderabad, Chennai and Chandigarh. GVK's growth plans also include catering to growing segments in the cities of Mumbai and Bengaluru.

- Taj Krishna, Hyderabad
- Taj Deccan, Hyderabad
- TajBanjara, Hyderabad
- Vivanta by Taj, Hyderabad
- Taj Chandigarh, Chandigarh
- Taj Clubhouse, Chennai

LIFE SCIENCES

GVK Biosciences is Asia's leading Discovery Research and Development organization. It provides a broad spectrum of stand-alone and integrated services, across the R&D value chain.

GVK BIO's diverse portfolio of more than 150 customers includes leading pharma, biotech, agro, life sciences companies and top-notch academic institutions. GVK BIO's discovery services consists of Chemistry, Biology and Informatics; and development services include Clinical Research, Clinical Pharmacology and Process R&D. GVK BIO's facilities are built to international standards with a built up space of around 2,50,000 sq ft that houses chemistry labs, AAALAC accredited animal house, kilo labs, pilot plants and clinics. GVK Bio has been inspected by all the leading regulatory agencies of the world including US FDA, ANVISA, AFSSAPS, WHO, MoH Turkey and DCGI, India.
