Additionally, the Company may also adopt any other reasonable approach or methodology to demonstrate ALP for the specified RPT identified by them. **For example: in case the Company is not doing a similar transaction with any unrelated Party, the terms between two unrelated parties of similar standing for similar transactions, will form the Arm's Length benchmark.**

Additionally, the pricing of long term RPTs as defined by Audit Committee/ Board of Directors, shall be reviewed periodically to ascertain the appropriateness of Arm's Length. **For example: The costs of materials change in the case of projects with longer duration, as a result of fluctuations in the market and economy.
